Archives of CLINICAL NEUROPSYCHOLOGY

Contents: Volume 18, 2003

Volume 18, Number 1 2003

CONTENTS

Grant L. Iverson, David S. Tulsky: Detecting malingering on the WAIS-III. Unusual Digit Span performance patterns in the normal population and in clinical groups 1

Ralph M. Reitan, Deborah Wolfson: The significance of sensory–motor functions as indicators of brain dysfunction in children 11

Robert N. Davis, Paul J. Massman, Rachelle S. Doody: Effects of blood pressure on neuropsychological functioning in Alzheimer's disease 19

Kris L. Kaemingk, Shelagh Mulvaney, Patricia Tanner Halverson: Learning following prenatal alcohol exposure: performance on verbal and visual multitrial tasks 33

Arthur MacNeill Horton, Charles Roberts: Demographic effects on the Trail Making Test in a drug abuse treatment sample 49

Jeffrey J. Borckardt, Eric S. Engum, E. Warren Lambert, Michael Nash, Odie L. Bracy, Edward C. Ray: Use of the CBDI to detect malingering when malingerers do their "homework" 57

Robin C. Hilsabeck, Matthew D. Thompson, James W. Irby, Russell L. Adams, James G. Scott, Wm. Drew Gouvier: Partial cross-validation of the Wechsler Memory Scale—Revised (WMS-R) General Memory—Attention/Concentration Malingering Index in a nonlitigating sample 71

Hoi-Ling Tsang, Tatia M.C. Lee: The effect of ageing on confrontational naming ability 81

William B. Barr: Neuropsychological testing of high school athletes. Preliminary norms and test–retest indices 91

Book review
Tony V. Deprospero: Clinician's Guide to Neuropsychological Assessment (2nd. ed.). by Rodney D. Vanderploeg (Ed.). Lawrence Erlbaum Associates, Mahwah, NJ, 1999 103

Volume 18, Number 2 2003

CONTENTS

Daniel E. Stanczak, George Triplett: Psychometric properties of the Mid-Range Expanded Trail Making Test An examination of learning-disabled and non-learning-disabled children 107

Thomas M. Dunn, Paula K. Shear, Steven Howe, M. Douglas Ris: Detecting neuropsychological malingering: effects of coaching and information 121

Sid E. O'Bryant, Robin C. Hilsabeck, Robert J. McCaffrey, Wm. Drew Gouvier: The Recognition Memory Test Examination of ethnic differences and norm validity 135

doi:10.1016/S0887-6177(03)00131-8

Harald Merckelbach, Glenn P. Smith: Diagnostic accuracy of the Structured Inventory of Malingered Symptomatology (SIMS) in detecting instructed malingering **145**

Thomas P. Ross: The reliability of cluster and switch scores for the Controlled Oral Word Association Test **153**

Andrew S. Labarge, Robert J. McCaffrey, Timothy A. Brown: Neuropsychologists' abilities to determine the predictive value of diagnostic tests **165**

Elbert W. Russel: The critique of the HRNES in the Handbook of Normative Data for Neuropsychological Assessment **177**

Pauline M. Langeluddecke, Sara K. Lucas: Quantitative measures of memory malingering on the Wechsler Memory Scale—Third edition in mild head injury litigants **181**

Timothy P. Tinius: The Intermediate Visual and Auditory Continuous Performance Test as a neuropsychological measure **199**

Book review
Christine Lynn French: Developmental Disorders of the Frontostriatal System: Neuropsychological, Neuropsychiatric and Evolutionary Perspectives. By John L. Bradshaw Philadelphia, PA: Psychology Press Ltd, 2001, 304 pp. **215**

Volume 18, Number 3 2003

CONTENTS

Brice M. Stone, Cecil R. Reynolds: Can the National Health and Nutrition Examination Survey III (NHANES III) data help resolve the controversy over low blood lead levels and neuropsychological development in children? **219**

Kevin W. Greve, Kevin J. Bianchini, Charles W. Mathias, Rebecca J. Houston, John A. Crouch: Detecting malingered performance on the Wechsler Adult Intelligence Scale. Validation of Mittenberg's approach in traumatic brain injury **245**

John E. Meyers, Marie E. Volbrecht: A validation of multiple malingering detection methods in a large clinical sample **261**

Bradley D. Powell, Daniel F. Brossart, Cecil R. Reynolds: Evaluation of the accuracy of two regression-based methods for estimating premorbid IQ **277**

David Erlanger, Daniel Feldman, Kenneth Kutner, Tanya Kaushik, Hans Kroger, Joanne Festa, Jeffrey Barth, Jason Freeman, Donna Broshek: Development and validation of a web-based neuropsychological test protocol for sports-related *return-to-play* decision-making **293**

Thomas R. Wodushek, Craig S. Neumann: Inhibitory capacity in adults with symptoms of Attention Deficit/Hyperactivity Disorder (ADHD) **317**

Volume 18, Number 4 2003

CONTENTS

Martin L. Rohling, Paul R. Lees-Haley, Jennifer Langhinrichsen-Rohling, David J. Williamson: A statistical analysis of board certification in Clinical Neuropsychology **331**

W. David Crews Jr., Angela L. Jefferson, Donna K. Broshek, Robert D. Rhodes, John Williamson, Amy M. Brazil, Jeffrey T. Barth, Mark K. Robbins: Neuropsychological dysfunction in patients with end-stage pulmonary disease: lung transplant evaluation **353**

Kirtley Thornton: The electrophysiological effects of a brain injury on auditory memory functioning. The QEEG correlates of impaired memory **363**

Colleen A. Quinn: Detection of malingering in assessment of adult ADHD **379**

Adrienne D. Witol, Frank M. Webbe: Soccer heading frequency predicts neuropsychological deficits **397**

Linda D. Nelson, Joseph T. Elder, Pany Tehrani, Jantje Groot: Measuring personality and emotional functioning in multiple sclerosis: a cautionary note **419**

Book review
Katherine DeGeorge Macey: Conners' Adult ADHD Rating Scales (CAARS). By C.K. Conners, D. Erhardt, M.A. Sparrow. New York: Multihealth Systems, Inc., 1999 **431**

Volume 18, Number 5 2003

CONTENTS

Timothy P. Tinius: The Integrated Visual and Auditory Continuous Performance Test as a neuropsychological measure **439**

Robert A. Ruchinskas, Anthony J. Giuliano: Motor perseveration in geriatric medical patients **455**

Caitlin Macaulay, Matthew Battista, Paul C. Lebby, Jonathan Mueller: Geriatric performance on the Neurobehavioral Cognitive Status Examination (Cognistat). What is normal? **463**

James N. Butcher, Paul A. Arbisi, Mera M. Atlis, John L. McNulty: The construct validity of the Lees-Haley Fake Bad Scale Does this scale measure somatic malingering and feigned emotional distress? **473**

Ronald B. Livingston, Earl Jennings, Cecil R. Reynolds, Robert M. Gray: Multivariate analyses of the profile stability of intelligence tests: high for IQs, low to very low for subtest analyses **487**

William W. Beatty, Katherine A. Ryder, Samuel T. Gontkovsky, James G. Scott, Kelli L. McSwan, Kersi J. Bharucha: Analyzing the subcortical dementia syndrome of Parkinson's disease using the RBANS **509**

Carlton S. Gass, Camille Gonzalez: MMPI-2 short form proposal: CAUTION **521**

Virginia Elderkin-Thompson, Anand Kumar, Warren B. Bilker, Jennifer J. Dunkin, Jim Mintz, Paul J. Moberg, Raquelle I. Mesholam, Ruben E. Gur: Neuropsychological deficits among patients with late-onset minor and major depression **529**

Brief report
Jeffrey T. Barth, Neil Pliskin, Bradley Axelrod, David Faust, Jerid Fisher, J. Preston Harley, Robert Heilbronner, Glenn Larrabee, Antonio Puente, Joseph Ricker, Cheryl Silver: Introduction to the NAN 2001. NAN Policy and Planning Committee Definition of a Clinical Neuropsychologist **551**

Volume 18, Number 6 2003

CONTENTS

Jerry J. Sweet, Edward A. Peck III, Carolyn Abramowitz, Sharon Etzweiler: National Academy of Neuropsychology/Division 40 of the American Psychological Association Practice Survey of Clinical Neuropsychology in the United States. Part II: Reimbursement experiences, practice economics, billing practices, and incomes **557**

Cecil R. Reynolds: Editor's Preface to Commentary and Response **583**

Paul R. Lees-Haley, Paul Green, Martin L. Rohling, David D. Fox, Lyle M. Allen III: The lesion(s) in traumatic brain injury: implications for clinical neuropsychology **585**

Erin D. Bigler: Neurobiology and neuropathology underlie the neuropsychological deficits associated with traumatic brain injury **595**

David D. Fox, Lyle M. Allen III: Rebuttal to Bigler's response to our commentary on "The lesion(s) in traumatic brain injury": let's stick to science **623**

Paul Green: Welcoming a paradigm shift in neuropsychology **625**

D. Bradley Burton, Joseph J. Ryan, Bradley N. Axelrod, Tony Schellenberger, Heather M. Richards: A confirmatory factor analysis of the WMS-III in a clinical sample with crossvalidation in the standardization sample **629**

Michael T. Ropacki, Jeffrey W. Elias: Preliminary examination of cognitive reserve theory in closed head injury **643**

Sarah Tomaszewski Farias, Ernest Harrell, Craig Neumann, Andrew Houtz: The relationship between neuropsychological performance and daily functioning in individuals with Alzheimer's disease: ecological validity of neuropsychological tests **655**

Glenn J. Larrabee: Exaggerated MMPI-2 symptom report in personal injury litigants with malingered neurocognitive deficit **673**

Volume 18, Number 7 2003

CONTENTS

National Academy of Neuropsychology Abstracts from the 23rd Annual Meeting, Dallas, Texas, October 15–18, 2003. (Convention Abstracts Accepted under the Guest Editorship of Stephen T. Moelter, Ph.D.) **687**

Volume 18, Number 8 2003

CONTENTS

George P. Prigatano: Challenging dogma in neuropsychology and related disciplines **811**

Jim Hom: Forensic Neuropsychology: are we there yet? **827**

Ronald M. Ruff: A friendly critique of neuropsychology: facing the challenges of our future **847**

Patricia A. Lowe, Joan W. Mayfield, Cecil R. Reynolds: Gender differences in memory test performance among children and adolescents **865**

Thomas P. Ross, E. Lindsay Foard, F. Berry Hiott, Angela Vincent: The reliability of production strategy scores for the Ruff Figural Fluency Test **879**

Mark Wagner, Gordon Teichner, David L. Bachman: Diagnostic challenges of using CSF assay of tau and beta-amyloid$_{42}$ in atypical degenerative dementias of the Alzheimer type **893**

Scott R. Ross, Steven H. Putnam, Carlton S. Gass, Dan E. Bailey, Kenneth M. Adams: MMPI-2 indices of psychological disturbance and attention and memory test performance in head injury **905**

Joy H. Wymer, Katrina Rayls, Mark T. Wagner: Utility of a clinically derived abbreviated form of the WAIS-III **917**

Abstract Index Volume 18(7), 2003 **929**
Contents Volume 18, 2003 **935**
Author Index Volume 18, 2003 **939**
